SAMPLE — fictional business, for portfolio demonstration only

Oak & Levee Plumbing is invented. Any resemblance to a real business is coincidental. The license number, phone, reviews, prices, and staff are all fictional.

Oak & Levee Plumbing: "Winter-Ready Home" Post Set

Fictional client: Oak & Levee Plumbing, a family-run residential plumber serving Sacramento, Carmichael, Elk Grove, and West Sac (fictional CSLB license #000000)
Goal: Book fall water-heater and drain inspections before the rainy season; build trust on Google
Campaign window: Tue Nov 3 – Thu Nov 26, 2026 · **Platforms:** Facebook, Instagram, Google Business Profile, TikTok, X
Voice dials: Playful 2 · Casual 3 · Bold 2 · Trend 1 (helpful, trustworthy, a bit of dad-joke charm)
Fictional contact: (916) 555-0187 · oakandlevee.example

Posting Schedule

#	Date / Time (PT)	Platform(s)	Format	Theme
1	Tue Nov 3 · 7:00 AM	FB, IG, GBP	Carousel / GBP Update	"5 signs your water heater is tired"
2	Thu Nov 5 · 6:30 PM	IG Reels, TikTok, FB	Reel 9:16, 25s	Tech walkthrough: flushing a water heater
3	Mon Nov 9 · 8:00 AM	FB, GBP	Photo + Offer	Fall inspection special
4	Wed Nov 11 · 12:00 PM	IG, FB	Photo (4:5)	Veterans Day thank-you (team member who served, with consent)
5	Fri Nov 13 · 5:00 PM	IG Reels, TikTok	Reel 9:16, 15s	"What tree roots do to a sewer line" (real camera footage)
6	Tue Nov 17 · 7:00 AM	X, FB	Text + photo	Rain-ready tip: clean gutters & check the sump
7	Thu Nov 19 · 6:00 PM	IG, FB	Carousel	Meet the team
8	Wed Nov 25 · 9:00 AM	FB, IG, GBP	Photo	Thanksgiving: "Don't pour grease down the drain" + holiday hours

Post 1: "5 Signs Your Water Heater Is Tired" (Carousel)

Visual (6 slides, 1080×1350, River Navy background, Golden Hour accents, Montserrat Bold):
1. Title: "5 signs your water heater is about to quit"
2. "Rusty or discolored hot water" (real close-up of a tap)
3. "Popping or rumbling sounds" (sediment explanation)
4. "Water pooling around the base"
5. "It's 10+ years old" (photo of a manufacturer date plate, with the serial number blurred)
6. CTA slide: "Not sure? We'll check it. Call (916) 555-0187"

Caption:

> Sacramento's hard water is rough on water heaters. Here are 5 signs yours is running on fumes. 👇
> Catch it now, before a cold December morning catches you.
> Book a fall inspection: link in bio or call (916) 555-0187.
> #SacramentoPlumber #HomeMaintenance #OakAndLevee

GBP version (no hashtags): "Is your water heater ready for winter? Rusty water, rumbling noises, leaks at the base, or a tank older than 10 years are all signs it needs attention. Oak & Levee Plumbing offers water-heater inspections across Sacramento, Carmichael, Elk Grove, and West Sacramento." **Button:** Call

Fact checks: service areas, whether the client offers inspections, and the "10+ years" lifespan guidance (client to confirm).

Post 2: Water-Heater Flush Walkthrough (Reel)

Concept: a technician talks to camera while working on a real customer job (customer gave written permission, house number not visible). Educational, not DIY instructions for gas or electrical work.
Shot list:
Time	Shot	Spoken / on-screen
0–2s	Tech holding a bucket of gritty sediment	"This came out of a 6-year-old water heater in Elk Grove."
2–8s	Hose to drain valve, water running cloudy	"That's sediment from hard water. It makes your heater work harder."
8–16s	Water running clear	"Flushing it once a year can help it last longer."
16–22s	Tech checks the pressure-relief valve (safe, no close-up of the procedure)	"We also check the relief valve. That's a safety thing."
22–25s	End card	"Book a flush · (916) 555-0187"

Captions: burned in and human-corrected. **Music:** low-volume licensed bed under the voice.
Caption: "Yes, this came out of someone's water heater. 😬 Annual flushes help, so book yours before winter. #SacramentoPlumber #PlumbingTok #HomeTips"

Compliance note: the "help it last longer" wording is approved by the client; we don't promise a specific lifespan.

Post 3: Fall Inspection Special (Offer)

Visual: a real technician beside a branded van in a residential driveway (house number blurred), 4:5 / 4:3.
Caption (FB):

> 🍂 Fall Plumbing Check-Up: $79 (fictional price) through Nov 30.
> Includes water-heater inspection, a visible leak check under sinks, and a main shutoff test. We'll tell you what's fine and what can wait. No pressure sales.
> Call (916) 555-0187 or book online. Sacramento, Carmichael, Elk Grove & West Sac.
> *Offer valid on residential service in our listed areas; one per household; can't be combined with other offers.*

GBP Offer: same terms, Nov 9–30, button "Call now."
Approvals: price, inclusions, and terms all need written sign-off.

Post 4: Veterans Day Thank-You

Visual: portrait of a team member (fictional "Marcus, lead tech, U.S. Army veteran") in uniform shirt beside the van, with consent. Shot with natural light.
Caption:

> Today we're saying thank you to Marcus, our lead tech and a U.S. Army veteran, and to every veteran in the Sacramento area. 🇺🇸
> *(No promotional offer attached unless the client wants one, and he approved this post.)*

Post 5: "What Roots Do to a Sewer Line" (Reel)

Concept: real sewer-camera footage (from the client's own inspections, shared with the customer's OK) showing roots intruding into a clay lateral. City-of-Trees angle.
Hook (on screen, 0–2s): "Sacramento: City of Trees... and tree roots in your sewer line 🌳"
Beats: camera footage (2–10s) → tech VO: "Older neighborhoods with clay pipes see this a lot, especially when rain season starts" (10–13s) → end card "Slow drains? Camera inspection: (916) 555-0187."
Caption: "We love Sacramento's trees. Our pipes have mixed feelings. 🌳 #CityOfTrees #SacramentoPlumber #SewerLine"

Honesty rule: footage must come from a real inspection. No stock footage or AI renders passed off as theirs.

Post 6: Rain-Ready Tip (X + FB)

X:

> First big storm of the season is on its way. Quick check: clear your gutters and downspouts and make sure water drains away from your foundation. Sump pump? Pour in a bucket and test it now. 🌧️
> **FB:** same tip plus a photo of a downspout extension, with "Questions? Message us" at the end.
> *(Only post when a storm is actually in the forecast. Check the NWS Sacramento forecast the morning of.)*

Post 7: Meet the Team (Carousel)

Visual: 4 real team portraits with first name and one fun fact each, plus a group shot by the vans. Consent forms on file.
Caption:

> The faces behind the van. 👋 Family-run since 2009 (fictional; verify in a real campaign), with every tech background-checked and licensed under our CSLB license.
> Swipe to meet the crew, and the one who's a Kings fan through thick and thin.
> #SacramentoSmallBusiness #OakAndLevee

Post 8: Thanksgiving Grease Reminder + Holiday Hours

Visual: a simple graphic of a grease jar next to the sink: "Pour it in a jar, not the drain." River Navy background, Camellia Red accent.
Caption:

> Happy Thanksgiving from all of us at Oak & Levee! 🦃
> Friendly reminder: turkey grease goes in a jar, not the drain. Your pipes (and we) thank you.
> Holiday hours: closed Thu Nov 26; emergency line open. *(Confirm with client.)*

Review & Reputation Plan (honest version)

- After each completed job, the client texts the customer a direct link to their Google review page. **We never write, generate, or incentivize reviews.**
- We may repost real reviews only with the reviewer's permission, quoted word for word with their first name and last initial.
- We draft *owner responses* to reviews, and the client approves each one before posting.

Metrics to Report

Calls from GBP, website bookings, offer redemptions (client CRM), reel views and retention, and follower growth vs. October.
